

Physiomed Sherway and Leaside web site Feedback v1

Leaside Slide Show

Sherway Slide Show

Can you correct the text display on this slide?

Also on the Sherway Slide show the images seem to be skewed vertically (squished)

Change Sherway to Leaside on Leaside web site.

Another issue is that the Leaside web site still has content references from the Sherway web site.

- is there a way for you to do a find and replace on the leaside web site and change any reference for Sherway to Leaside?
